Potential Military Chemical/Biological Agents and Compounds

Contents

Preface	2
Chapter 1. Introduction	3
Section I. Background and Policy	3
Section II. Militarily Significant Aspects of Chemical Agents	4
Section III. Militarily Significant Aspects of Biological Agents	9
Chapter 2. Chemical Agents and Their Properties	14
Section I. Lethal Chemical Agents	14
Section II. Blister Agents (Vesicants)	30
Section III. Incapacitating Agents	47
Chapter 3. Military Chemical Compounds and Their Properties	52
Section I. Tear-Producing and Vomiting Compounds	52
Section II. Binary Components	66
Section III. Miscellaneous	70
Chapter 4. Toxins	72
Section I. Background	72
Section II. Sources of Toxins	74
Section III. Specific Toxin Characteristics	78

DISTRIBUTION RESTRICTION: Distribution is authorized to US government agencies only to protect technical or operational information from automatic dissemination under the International Exchange Program or by other means. This determination was made on 11 April 1989. Other requests for this document will be referred to Commandant, US Army Chemical School, ATTN: ATZN-CM-NF, Fort McClellan, AL 36205-5020.

DESTRUCTION NOTICE: Destroy by any method that will prevent disclosure of contents or reconstruction of the document.

*This publication supersedes FM 3-9, 30 October 1975.
